

BUILT TOGETHER FUNDING — BRAND KIT & VISUAL DIRECTION HANDOFF

IMPORTANT:

The goal is NOT to create a generic finance company or generic MCA website.

This brand should feel like:

- Operator-led
- Premium
- Modern
- Built for serious service/trade businesses
- Rugged but refined
- High-conviction and trustworthy

The brand should communicate:

“We understand scaling because we’ve done it ourselves.”

The visual identity should feel like:

Apple x Blue Collar x Modern Fintech

NOT:

- Spammy funding company
- Cheap “get cash fast” site
- Generic loan broker
- Overly corporate bank

CORE BRAND IDENTITY

Brand Name:

Built Together Funding

Brand Meaning:

The name represents building companies together through strategic scaling, capacity expansion, and operator-focused growth.

This brand is focused on:

- Scaling
- Capacity
- Equipment
- Crews
- Growth
- Operators
- Real businesses

NOT:

- Quick cash
- Random approvals
- Desperate borrowers

TARGET AUDIENCE

Primary Audience:

Service and trade business owners doing approximately \$100k–\$1.5M+ annually.

Industries:

- Roofing
- Exterior cleaning
- Pressure washing
- Landscaping
- Construction
- Builders
- General trades

Ideal client:

- Already generating revenue
- Booked out or scaling
- Needs equipment, crews, trucks, or ad spend
- Wants to increase capacity and volume

VISUAL DIRECTION

OVERALL FEEL:

Industrial Luxury

The design should feel like:

- Premium operator brand
- Modern dark-mode fintech
- Contractor-focused growth company

The website should feel:

- Confident
- Powerful
- Clean
- Minimal
- Premium
- Fast

The UI should feel:

- Smooth
- Sharp
- High-end
- Modern
- Mobile-first

IMPORTANT COLOR DIRECTION

IMPORTANT:

KEEP THE ORIGINAL BLUE BRAND COLOR DIRECTION.

The bright electric cyan/blue is part of the brand identity and should remain part of the design language.

The brand should modernize the color — NOT replace it.

Primary Accent Color Direction:

#35C2FF

#4FBFFF

#6FD3FF

This blue should be used for:

- CTA buttons
- Hover states
- Glow effects
- Highlights
- Icons
- Progress indicators
- Funnel interaction moments

PRIMARY BACKGROUND COLORS

Main backgrounds should remain dark.

Recommended:

#0A0A0A

#121212

#1A1A1A

Additional support colors:

#2B2B2B

#3A3A3A

#444444

TYPOGRAPHY DIRECTION

The old typography feels outdated and should be modernized.

The typography should feel:

- Bold
- Minimal
- Clean

- Premium
- Confident

Recommended Fonts:

- Satoshi
- Neue Montreal
- General Sans
- Inter Tight
- Clash Display

LOGO DIRECTION

KEEP:

- Hammer/wrench concept
- Trades identity
- Simplicity

MODERNIZE:

- Cleaner geometry
- Better spacing
- Premium flat vector style
- Symmetrical icon structure
- Minimal modern look

WEBSITE DIRECTION

The website should combine:

1. High-converting funnel mechanics
2. Premium service business branding
3. Modern fintech smoothness

The site should prioritize:

- Conversion
- Speed

- Clarity
- Trust
- Qualification

APPLICATION EXPERIENCE

The application should NOT feel like a boring funding form.

It should feel:

- Interactive
- Modern
- Gamified lightly
- Smooth and premium

Features:

- Step-by-step questions
- Progress bar
- Smooth transitions
- Loading animations
- Interactive states

Loading concepts:

- Hammering/building animations
- Hands building together
- “Reviewing your information...”
- “Checking if you qualify...”

IMPORTANT:

The “qualification” stage is ONLY a pre-screening process — not a guaranteed funding approval.

BRAND POSITIONING

This brand should feel:

- Selective
- Operator-led

- Experienced
- Real
- Built from experience

Messaging should communicate:

“We only help businesses scale when the capital actually makes sense.”

The site should avoid:

- Generic funding language
- Over-promising
- Spammy “instant approvals”
- Desperate marketing energy

SEO & CONTENT DIRECTION

Content should focus on:

- Scaling service businesses
- Increasing capacity
- Buying equipment
- Hiring crews
- Growing operations
- Operator advice

SOCIAL MEDIA DIRECTION

Instagram:

- Real operators
- Equipment
- Crews
- Scaling
- Dark premium edits
- Cinematic contractor content

LinkedIn:

- Scaling advice
- Operator insights
- Industry positioning
- Business growth

Reddit:

- Real advice first
- Community-driven
- Scaling-focused

REFERENCE DIRECTION

The website should reference:

- High-converting MCA funnels
- Premium contractor brands
- Modern dark-mode fintech sites

BUT:

Do NOT copy any references directly.

The goal is:

- Similar conversion psychology
- Similar smooth UX
- Similar trust-building structure

Combined with:

- Original operator-focused branding
- Premium industrial identity
- Modernized Built Together Funding style

FINAL BRAND GOAL

The final result should feel like:

“A high-level operator-built growth company for serious service businesses.”

The brand should instantly communicate:

- Trust
- Capacity
- Scaling
- Premium quality
- Experience
- Real operators

The website and branding should feel strong enough that a contractor doing real revenue immediately feels:

“These guys actually understand my business.”
