

You are helping build a high-converting brand, website, and messaging system for a funding company focused on service/trade businesses.

Your goal is to optimize positioning, messaging, and structure to attract high-quality operators (not beginners), specifically companies doing \$100k–\$1.5M+ annually that are actively scaling and need capital to increase capacity.

FOUNDER STORY / BRAND BACKGROUND:

The founder is a 24-year-old entrepreneur who spent 3 years in the merchant cash advance (MCA) industry, funding over \$1.8M to 50+ businesses across the United States. During this time, he worked closely with business owners at multiple levels, including companies generating \$800k+ per month.

However, after seeing unethical practices and funding being pushed onto businesses that were not positioned to benefit from it, he left the industry.

To truly understand business ownership, he started his own service company, Staten Island Wash Kings, and scaled it from the ground up. Using capital strategically, he built multiple crews, invested in equipment, and created a real operating business with consistent revenue.

This experience gave him a deep understanding of when capital actually helps a business grow versus when it becomes a liability.

He is now rebuilding his original funding company with a new mission and standard.

COMPANY OVERVIEW:

Company Name: Built Together Funding Corp

Built Together Funding is not a traditional funding brokerage. It is a specialized funding and growth partner for service and trade businesses.

The company focuses on helping operators scale capacity — not just access capital.

This includes:

- Equipment (rigs, trucks, machinery)
- Hiring and labor expansion
- Marketing and lead generation (when already proven)

The company ONLY works with businesses that are already generating revenue and are actively looking to grow.

It does NOT target:

- Startups
- Beginners
- Businesses without proven demand

CORE PHILOSOPHY:

Funding should only be used when it directly increases revenue and profit.

“Only deploy capital when demand already exists and capacity is the constraint.”

TARGET AUDIENCE:

Service / trade business owners such as:

- Roofing companies
- Exterior cleaning (pressure washing, soft washing)
- Landscaping
- Construction and light contracting

Ideal clients:

- Doing \$100k–\$1.5M+ annually
- Generating consistent monthly revenue
- Booked out or turning down work
- Looking to scale operations

POSITIONING:

Operator-led, high-trust, selective, growth-focused.

CORE MESSAGE:

“We help service businesses scale capacity using capital — only when it actually increases profit.”

GOAL:

Create:

1. Website structure
2. High-converting copy

3. Clear call-to-actions
4. Messaging that filters low-quality leads
5. Consistent brand voice
